

Federal Reserve System

Pt. 230, App. B

periodic statement covering September 16 through October 15. The annual percentage yield earned (using the formula above) is 5.40%:

$$\text{APY Earned} = 100 [(6.50/1,500)^{(365/30)} - 1]$$

$$\text{APY Earned} = 5.40\%$$

(3) Assume an institution calculates interest on the average daily balance for a quarter (for example, the calendar months of September through November), and provides monthly periodic statements covering calendar months. The account has a balance of \$1,000 throughout the 30 days of September, a balance of \$2,000 throughout the 31 days of October, and a balance of \$3,000 throughout the 30 days of November. The average daily

balance for the quarter is \$2,000, which results in \$21 in interest earned for the quarter. The annual percentage yield earned would be shown on the periodic statement for November. The annual percentage yield earned (using the formula above) is 4.28%:

$$\text{APY Earned} = 100 [(1 + 21/2,000)^{(365/91)} - 1]$$

$$\text{APY Earned} = 4.28\%$$

B. *Special formula for use where periodic statement is sent more often than the period for which interest is compounded.*

Institutions that use the daily balance method to accrue interest and that issue periodic statements more often than the period for which interest is compounded shall use the following special formula:

$$\text{APY Earned} = 100 \left\{ \left[1 + \frac{(\text{Interest earned/Balance})}{\text{Days in period}} (\text{Compounding}) \right]^{(365/\text{Compounding})} - 1 \right\}$$

The following definition applies for use in this formula (all other terms are defined under Part II):

“Compounding” is the number of days in each compounding period.

Assume an institution calculates interest for the statement period using the daily bal-

ance method, pays a 5.00% interest rate, compounded annually, and provides periodic statements for each monthly cycle. The account has a daily balance of \$1,000 for a 30-day statement period. The interest earned is \$4.11 for the period, and the annual percentage yield earned (using the special formula above) is 5.00%:

$$\text{APY Earned} = 100 \left\{ \left[1 + \frac{(4.11/1,000)}{30} (365) \right]^{(365/365)} - 1 \right\}$$

APY Earned=5.00%

[57 FR 43376, Sept. 21, 1992, as amended at 57 FR 46480, Oct. 9, 1992; 58 FR 15082, Mar. 19, 1993; 60 FR 5130, Jan. 26, 1995; Reg. DD, 63 FR 40638, July 30, 1998]

B-1—MODEL CLAUSES FOR ACCOUNT DISCLOSURES

(a) Rate information

(i) Fixed-rate accounts

The interest rate on your account is ____% with an annual percentage yield of ____%. You will be paid this rate [for (time period)/ until (date)]/ for at least 30 calendar days].

(ii) Variable-rate accounts

The interest rate on your account is ____% with an annual percentage yield of ____%.

Your interest rate and annual percentage yield may change.

Pt. 230, App. B

12 CFR Ch. II (1–1–12 Edition)

Determination of Rate

The interest rate on your account is based on (name of index) [plus/minus a margin of _____].

or

At our discretion, we may change the interest rate on your account.

Frequency of Rate Changes

We may change the interest rate on your account [every (time period)/at any time].

Limitations on Rate Changes

The interest rate for your account will never change by more than _____% each (time period).

The interest rate will never be [less/more] than _____%.

or

The interest rate will never [exceed _____% above/drop more than _____% below] the interest rate initially disclosed to you.

(iii) *Stepped-rate accounts*

The initial interest rate for your account is _____%. You will be paid this rate [for (time period)/until (date)]. After that time, the interest rate for your account will be _____%, and you will be paid this rate [for (time period)/until (date)]. The annual percentage yield for your account is _____%.

(iv) *Tiered-rate accounts*

Tiering Method A

- If your [daily balance/average daily balance] is \$_____ or more, the interest rate paid on the entire balance in your account will be _____% with an annual percentage yield of _____%.

- If your [daily balance/average daily balance] is more than \$_____, but less than \$_____, the interest rate paid on the entire balance in your account will be _____% with an annual percentage yield of _____%.

- If your [daily balance/average daily balance] is \$_____ or less, the interest rate paid on the entire balance will be _____% with an annual percentage yield of _____%.

Tiering Method B

- An interest rate of _____% will be paid only for that portion of your [daily balance/average daily balance] that is greater than \$_____. The annual percentage yield for this tier will range from _____% to _____%, depending on the balance in the account.

- An interest rate of _____% will be paid only for that portion of your [daily balance/average daily balance] that is greater than \$_____, but less than \$_____. The annual percentage yield for this tier will range from _____% to _____%, depending on the balance in the account.

- If your [daily balance/average daily balance] is \$_____ or less, the interest rate paid

on the entire balance will be _____% with an annual percentage yield of _____%.

(b) *Compounding and crediting*

(i) *Frequency*

Interest will be compounded [on a _____ basis/every (time period)]. Interest will be credited to your account [on a _____ basis/every (time period)].

(ii) *Effect of closing an account*

If you close your account before interest is credited, you will not receive the accrued interest.

(c) *Minimum balance requirements*

(i) *To open the account*

You must deposit \$_____ to open this account.

(ii) *To avoid imposition of fees*

A minimum balance fee of \$_____ will be imposed every (time period) if the balance in the account falls below \$_____ any day of the (time period).

A minimum balance fee of \$_____ will be imposed every (time period) if the average daily balance for the (time period) falls below \$_____. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(iii) *To obtain the annual percentage yield disclosed*

You must maintain a minimum balance of \$_____ in the account each day to obtain the disclosed annual percentage yield.

You must maintain a minimum average daily balance of \$_____ to obtain the disclosed annual percentage yield. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(d) *Balance computation method*

(i) *Daily balance method*

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

(ii) *Average daily balance method*

We use the average daily balance method to calculate interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(e) *Accrual of interest on noncash deposits*

Interest begins to accrue no later than the business day we receive credit for the deposit of noncash items (for example, checks).

or

Interest begins to accrue on the business day you deposit noncash items (for example, checks).

(f) *Fees*

Federal Reserve System

Pt. 230, App. B

The following fees may be assessed against your account:

_____	\$ _____
_____	\$ _____
_____	\$ _____
_____ (conditions for imposing fee)	\$ _____
_____	% of _____

(g) Transaction limitations

The minimum amount you may [withdraw/write a check for] is \$ _____.

You may make _____ [deposits into/withdrawals from] your account each (time period).

You may not make [deposits into/withdrawals from] your account until the maturity date.

(h) Disclosures relating to time accounts

(i) Time requirements

Your account will mature on (date).

Your account will mature in (time period).

(ii) Early withdrawal penalties

We [will/may] impose a penalty if you withdraw [any/all] of the [deposited funds/principal] before the maturity date. The fee imposed will equal _____ days/week[s]/month[s] of interest.

or

We [will/may] impose a penalty of \$ _____ if you withdraw [any/all] of the [deposited funds/principal] before the maturity date.

If you withdraw some of your funds before maturity, the interest rate for the remaining funds in your account will be _____% with an annual percentage yield of _____%.

(iii) Withdrawal of interest prior to maturity

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

(iv) Renewal policies

(1) Automatically renewable time accounts

This account will automatically renew at maturity.

You will have [_____ calendar/business] days after the maturity date to withdraw funds without penalty.

or

There is no grace period following the maturity of this account to withdraw funds without penalty.

(2) Non-automatically renewable time accounts

This account will not renew automatically at maturity. If you do not renew the account, your deposit will be placed in [an interest-bearing/a noninterest-bearing] account.

(v) Required interest distribution.

This account requires the distribution of interest and does not allow interest to remain in the account.

(i) Bonuses

You will [be paid/receive] [\$ _____ / (description of item)] as a bonus [when you open the account/on (date) _____].

You must maintain a minimum [daily balance/average daily balance] of \$ _____ to obtain the bonus.

To earn the bonus, [\$ _____ / your entire principal] must remain on deposit [for (time period)/until (date) _____].

B-2—MODEL CLAUSES FOR CHANGE IN TERMS

On (date), the cost of (type of fee) will increase to \$ _____.

On (date), the interest rate on your account will decrease to _____% with an annual percentage yield of _____%.

On (date), the minimum [daily balance/average daily balance] required to avoid imposition of a fee will increase to \$ _____.

B-3—MODEL CLAUSES FOR PRE-MATURITY NOTICES FOR TIME ACCOUNTS

(a) Automatically renewable time accounts with maturities of one year or less but longer than one month

Your account will mature on (date).

If the account renews, the new maturity date will be (date).

The interest rate for the renewed account will be _____% with an annual percentage yield of _____%.

or

The interest rate and annual percentage yield have not yet been determined. They will be available on (date). Please call (phone number) to learn the interest rate and annual percentage yield for your new account.

(b) Non-automatically renewable time accounts with maturities longer than one year

Your account will mature on (date).

If you do not renew the account, interest [will/will not] be paid after maturity.

DISCLOSURE OF ACCOUNT TERMS

This disclosure contains information about your:

X NOW Account

- Your interest rate and annual percentage yield may change.
At our discretion, we may change the interest rate on your account daily.
The interest rate for your account will never be less than 2.00%.
- Interest begins to accrue on the business day you deposit noncash items
(for example, checks).
- Interest is compounded daily and credited on the last day of each month.
If you close your account before interest is credited, you will not receive
the accrued interest.
- We use the daily balance method to calculate the interest on your account.
This method applies a daily periodic rate to the principal in the account
each day.

Passbook Savings Account

- The interest rate on your account will be paid for at least 30 days.
- Interest begins to accrue on the business day you deposit noncash items
(for example, checks).
- Interest is compounded daily and credited on the last day of each month.
If you close your account before interest is credited, you will not receive
the accrued interest.
- We use the daily balance method to calculate the interest on your account.
This method applies a daily periodic rate to the principal in the account
each day.

Additional disclosures for your account are included on the attached sheets.

___ Money Market Account

- Your interest rate and annual percentage yield may change.
At our discretion, we may change the interest rate on your account daily.
The interest rate on your account will never be less than 3.00%.
- You may make six (6) transfers from your account, but only three (3) may be payments by check to third parties.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- Interest is compounded daily and credited on the last day of each month.
If you close your account before interest is credited, you will not receive the accrued interest.
- We use the daily balance method to calculate the interest on your account.
This method applies a daily periodic rate to the principal in the account each day.

___ Certificates of Deposit

- The interest rate for your account will be paid until the maturity date of your certificate (_____).
- Interest is compounded daily and will be credited to your account monthly.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- This account will automatically renew at maturity. You will have ten (10) calendar days from the maturity date to withdraw your funds without being charged a penalty.
- After the account is opened, you may not make deposits into or withdrawals from this account until the maturity date.
- We use the daily balance method to calculate the interest on your account.
This method applies a daily periodic rate to the principal in the account each day.
- If any of the deposit is withdrawn before the maturity date, a penalty as shown below will be imposed:

<u>Term</u>	<u>Early Withdrawal Penalty</u>
3-month CD	30 days interest
6-month CD	90 days interest
1-year CD	120 days interest
2-year CD	180 days interest

Additional disclosures for your account are included on the attached sheets.

**XYZ SAVINGS BANK
1 YEAR CERTIFICATE OF DEPOSIT**

Rate information

The interest rate for your account is 5.20 % with an annual percentage yield of 5.34 %. You will be paid this rate until the maturity date of the certificate. Your certificate will mature on September 30, 1993. The annual percentage yield assumes interest remains on deposit until maturity. A withdrawal will reduce earnings.

Interest for your account will be compounded daily and credited to your account on the last day of each month.

Interest begins to accrue on the business day you deposit any noncash item (for example, checks).

Minimum balance requirements

You must deposit \$1,000 to open this account.

You must maintain a minimum balance of \$1,000 in your account every day to obtain the annual percentage yield listed above.

Balance computation method

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Transaction limitations

After the account is opened, you may not make deposits into or withdrawals from the account until the maturity date.

Early withdrawal penalty

If you withdraw any principal before the maturity date, a penalty equal to three months interest will be charged to your account.

Renewal policy

This account will be automatically renewed at maturity. You have a grace period of ten (10) calendar days after the maturity date to withdraw the funds without being charged a penalty.
